

1. Put the shade (K) to the cap (C), then secured by part (B)
2. Put the bracket (J) to the cap (C), then secured by nuts (A)
3. Lock the bulb into socket
4. Thread the nipple(L) to the bracket(J), and thread the hex nut (I) to the nipple (L) to adjust the height, then put the metal washer (R), rubber washer (O), glass diffuser (P) and another rubber washer (O) to the nipple (L), then secured by hex nut (I) and finial (Q)

REMARK: The shade (k), glass diffuser (P) ,bracket (J) and nipple (L) was separated by another box

5. Note: when you use the white pleated shade, you need to put the metal to the top and bottom, then fix it by clip
